Planning and design continues for the modernization of Oak Crest Middle School, including improvements to Building C to include student support spaces such as speech pathology, and a Flex Lab/Studio for cartooning and ASB, and improvements to Building I for Special Ed instruction, as well as improvements to Crest Hall that may also include the introduction of solar to the campus using the allocated 2016 Bond proceeds. At Torrey Pines High School we are in the process of value engineering the modernization of the I Building, and seeking matching CTE funds for the Makerspace shop and CAD Lab. The improvements are now slated to start in the Spring of 2021, with occupancy to the Makerspace shop, CAD Lab, and Digital Arts Lab in the Fall of 2021, and the opening of the new Food Service Area in the Spring of 2022.
