

San Dieguito Union High School District

Education for English Language Learners

AR 6174

Instruction

Definitions

An English Learner is defined as a student who enrolls in a California school beginning in any grade level, transitional kindergarten through grade twelve, has a language other than English identified on the Home Language Survey, and upon assessment, obtained a level of English proficiency that indicates programs and services are necessary. Students identified as English learners receive programs and services until they meet the reclassification criteria pursuant to Education Code (EC) Section 313.

Designated ELD is defined as instruction provided during a time during the regular school day for focused instruction on the state-adopted ELD standards to assist English learners to develop critical English language skills necessary for academic content learning in English.

Integrated ELD is defined as instruction in which the state-adopted ELD standards are used in tandem with the state-adopted academic content standards. Integrated ELD includes specifically designed academic instruction in English.

Native speaker of English means a student who has learned and used English at home from early childhood and English has been the student's primary means of concept formation and communication.

Identification and Assessments

Upon enrollment in the district, each student's primary language shall be determined through the use of a home language survey.

Any student who is identified as having a primary language other than English as determined by the home language survey, and who has not previously been identified as an English learner by a California public school or for whom there is no record of results from an administration of an English language proficiency test, shall be initially assessed for English proficiency using the English Language Proficiency Assessments for California (ELPAC). Prior to administering the ELPAC, the Superintendent or designee shall notify the student's parent/guardian in writing that the student will be administered the initial ELPAC.

Administration of the ELPAC, including the use of variations and accommodations in test administration when authorized, shall be conducted in accordance with test publisher instructions and 5 CCR 11518.5-11518.35.

Based on the initial assessment, the student shall be classified either as initially fluent in English proficient or as an English learner. The Superintendent or designee shall notify the student's

parent/guardian in writing, of the results of the ELPAC initial assessment within 30 calendar days after the student's date of initial enrollment, or, if administered prior to the student's initial date of enrollment, up to 60 calendar days prior to such enrollment, but not before July 1 of the school year of the student's initial enrollment. The notice shall indicate whether the student met the ELPAC initial assessment criterion for proficiency and include the district's contact information for use if the parent/guardian has questions or concerns regarding the student's classification.

Each year after a student is identified as an English learner and until he/she is redesignated as English proficient, the summative assessment of the ELPAC shall be administered to the student during a four- month period after January 1 as determined by the California Department of Education.

Any student with a disability who is identified as an English learner shall be allowed to take the assessment with those accommodations for testing that the student has regularly used during instruction and classroom assessment as delineated in the student's individualized education program (IEP) or Section 504 plan. If the student is unable to participate in the assessment or a portion of the assessment even with such accommodations, an alternate assessment for English language proficiency shall be administered to the student as set forth in the IEP.

The Superintendent or designee shall notify parents/guardians of their child's results on the summative assessment of the ELPAC within 30 calendar days following receipt of the results from the test contractor, or if the results are received from the test contractor after the last day of instruction for the school year, within 15 working days of the start of the next school year.

The parent/guardian of a student participating in, or identified for participation in, a language instruction program supported by federal Title I or Title III funds shall receive notification of the assessment of the student's English proficiency. Such notice shall be provided not later than 30 calendar days after the beginning of the school year or, if the student is identified for program participation during the school year, within two weeks of the student's placement in the program. The notice shall include all of the following:

1. The reason for the identification of the student as an English learner and the need for placement in a language acquisition program.
2. The level of English proficiency, how the level was assessed, and the status of the student's academic achievement.
3. A description of the language acquisition program in which the student is, or will be, participating, including a description of all of the following:
 - a. The methods of instruction used in the program and in other available programs, including how such programs differ in content, instructional goals, and the use of English and a native language in instruction.
 - b. The manner in which the program will meet the educational strengths and needs of the student.
 - c. The manner in which the program will help the student develop English proficiency

- and meet age-appropriate academic standards for grade promotion and graduation.
- d. The specific exit requirements for the program, the expected rate of transition from the program into classes not tailored for English learners, and the expected rate of graduation from secondary school if applicable.
 - e. Where the student has been identified for special education, the manner in which the program meets the requirements of the student's IEP.
4. As applicable, the identification of a student as a long-term English learner or at risk of becoming a long-term English learner, as defined in Education Code 313.1, and the manner in which the program for English language development instruction will meet the educational strengths and needs of such students and help such students develop English proficiency and meet age-appropriate academic standards.
 5. Information regarding a parent/guardian's option to decline to enroll the student in the program or to choose another program or method of instruction, if available.
 6. Information designed to assist a parent/guardian in selecting among available programs, if more than one program or method is offered.

Language Acquisition Programs

Whenever parents/guardians of enrolled students, and those enrolled for attendance in the next school year, request that the district establish a specific language acquisition program in accordance with Education Code 310, such requests shall be addressed through the following process:

1. The school shall make a written record of each request, including any request submitted verbally, that includes the date of the request, the names of the parent/guardian and student making the request, a general description of the request, and the student's grade level on the date of the request. As needed, the school shall assist the parent/guardian in clarifying the request. All requests shall be maintained for at least three years from the date of the request.
2. The school shall monitor requests on a regular basis and notify the Superintendent or designee when the parents/guardians of at least 30 students enrolled in the school, or at least 20 students in the same grade level, request the same or a substantially similar type of language acquisition program. If the requests are for a multilingual program model, the district shall consider requests from parents/guardians of students enrolled in the school who are native English speakers in determining whether this threshold is reached.
3. If the number of parents/guardians described in item #2 is attained, the Superintendent or designee shall:
 - a. Within 10 days of reaching the threshold, notify the parents/guardians of students attending the school, the school's teachers, administrators, and the district's English learner parent advisory committee and parent advisory committee, in writing, of the requests for a language acquisition program.

- b. Identify costs and resources necessary to implement any new language acquisition program, including, but not limited to, certificated teachers with the appropriate authorizations, necessary instructional materials, pertinent professional development for the proposed program, and opportunities for parent/guardian and community engagement to support the proposed program goals.
- c. Within 60 calendar days of reaching the threshold number of parents/guardians described in item #2 above, determine whether it is possible to implement the requested language acquisition program and provide written notice of the determination to parents/guardians of students attending the school, the school's teachers, and administrators.
- d. If a determination is made to implement the language acquisition program, create and publish a reasonable timeline of actions necessary to implement the program. If a determination is made that it is not possible to implement the program, provide a written explanation of the reason(s) the program cannot be provided.

The district shall notify parents/guardians at the beginning of each school year or upon the student's enrollment regarding the process to request a language acquisition program, including a dual-language immersion program, for their child. The notice shall also include the following:

1. A description of the programs provided, including structured English immersion.
2. Identification of any language to be taught in addition to English when the program includes instruction in a language other than English.
3. The manner in which the program is designed using evidence-based research and includes both designated and integrated English language development.
4. The manner in which the district has allocated sufficient resources to effectively implement the program, including, but not limited to, certificated teachers with the appropriate authorizations, necessary instructional materials, pertinent professional development, and opportunities for parent/guardian and community engagement to support the program goals.
5. The manner in which the program will, within a reasonable period of time, lead to language proficiency and achievement of the state-adopted content standards in English and, when the program includes instruction in another language, in that other language.
6. The process to request establishment of a language acquisition program not offered at the school.
7. For any dual-language immersion program offered, the specific languages to be taught. The notice also may include the program goals, methodology used, and evidence of the proposed program's effectiveness.
8. The district shall continue to provide additional and appropriate educational services to English learners for the purposes of overcoming language barriers and academic deficits

in other areas of the core curriculum.

Reclassification/Redesignation

English learners shall be reclassified as fluent English proficient when they are able to comprehend, speak, read, and write English well enough to receive instruction in an English language mainstream classroom and make academic progress at a level substantially equivalent to that of students of the same age or grade whose primary language is English and who are in the regular course of study.

The measures used to determine whether an English learner shall be reclassified as fluent English proficient shall include, but not be limited to:

1. Assessment of English language proficiency using an objective assessment instrument, including, but not limited to, the ELPAC. Students must score a 4 on the Summative ELPAC or a 3 on the Alternate ELPAC.
2. Participation of the student's classroom teacher and any other certificated staff with direct responsibility for teaching or placement decisions related to the student. Teachers must provide satisfactory feedback on student performance. The student must earn a grade of C or higher in the English Language Arts class.
3. Parent/guardian involvement, including:
 - a. Notice to parents/guardians of language reclassification and placement, including a description of the reclassification process and the parent/guardian's opportunity to participate
 - b. Encouragement of parent/guardian's participation in the district's reclassification procedure, including seeking parent/guardian opinion and consultation during the reclassification process
4. Student performance on an objective assessment of basic skills in English that shows students' basic skills compared against empirically established range of performance in basic skills, compared to English proficient pupils, to demonstrate that the student is prepared to successfully participate in grade-level courses

The Superintendent or designee shall monitor the progress of reclassified students to ensure their correct classification and placement.

The Superintendent or designee shall monitor students for at least four years following their reclassification to determine whether the student needs any additional academic support.

Advisory Committee

A parent/guardian advisory committee shall be established at the district level when there are more than 50 English learners in the district and at the school level when there are more than 20 English

learners at the school. Parents/guardians of English learners shall constitute committee membership in at least the same percentage as English learners represent of the total number of students in the school.

The district's English language advisory committee shall advise the Governing Board on at least the following tasks:

1. The development of a plan for education programs and services for English learners, taking into consideration the school site plans for English learners.
2. The districtwide needs assessment on a school-by-school basis.
3. Establishment of a district program, goals, and objectives for programs and services for English learners.
4. Development of a plan to ensure compliance with applicable teacher or aide Requirements.
5. Administration of the annual language census.
6. Review of and comment on the district's reclassification procedures.

In order to assist the advisory committee in carrying out its responsibilities, the Superintendent or designee shall ensure that committee members receive appropriate training and materials. This training shall be planned in full consultation with the members.

LCAP Advisory Committee

When there are at least 15 percent English learners in the district, with at least 50 students who are English learners, a district-level English learner parent advisory committee shall be established to review and comment on the district's local control and accountability plan (LCAP) in accordance with BP 0460 - Local Control and Accountability Plan. The committee shall be composed of a majority of parents/guardians of English learners.

The advisory committee established pursuant to 5 CCR 11308, as described in the section "Advisory Committee" above, could serve as the LCAP English learner advisory committee if its composition includes a majority of parents/guardians of English learners.
