EXECUTIVE SUMMARY

AB 1200 requires school districts to file interim reports of their annual budget as of October 31 and January 31, respectively. Staff will make a presentation at the meeting, as per the attached.

8C. Comparison of District Deficit Spending to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD NOT MET - Unrestricted deficit spending has exceeded the standard percentage level in any of the current year or two subsequent fiscal years. Provide reasons for the deficit spending, a description of the methods and assumptions used in balancing the unrestricted budget, and what changes will be made to ensure that the budget deficits are eliminated or are balanced within the standard.

Explanation:

(required if NOT met)

Due to COVID, the District is conservatively budgeting property tax revenue in the subsequent two fiscal years, based on estimates from San Diego County Property Tax Services. The district generally achieves savings throughout the year, which reduces the amount of deficit spending. The District will continue to align its resources to better reflect historical trends in an effort to best support student needs. This change, along with an on-going review of resources, will continue to help in subsequent years.

1c. NOT MET - The projected transfers out of the general fund have changed since budget adoption by more than the standard for any of the current year or subsequent two fiscal years. Identify the amounts transferred, by fund, and whether transfers are ongoing or one-time in nature. If ongoing, explain the district's plan, with timeframes, for reducing or eliminating the transfers.

Explanation: (required if NOT met)

At the time our budget was adopted, we were not anticipating that our schools would be closed for such a long period of time due to COVID. Most of our Nutrition Services revenues are generated from a la carte sales and we are only serving grab and go lunches at this time. We have made a conservative revenue adjustment assuming we will not be selling any ala carte menu items for the remainder of the 2020-21 school year, therefore increasing the contribution to the program.

1d. NO - There have been no capital project cost overruns occurring since budget adoption that may impact the general fund operational budget.

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since budget adoption, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.
