SUBJECT: REVIEW OF THE 2018 ANNUAL PROPOSITION AA

BUILDING FUND AUDIT REPORT

EXECUTIVE SUMMARY

In November 2012, the San Dieguito community approved the passage of Proposition AA, a General Obligation Bond initiative. Proposition 39 General Obligation bonds require an independent performance audit to ensure that funds have been expended only on the specific purposes listed in the ballot measure and a financial audit of the bond proceeds. The audit also includes an evaluation of procedures including internal controls and the formation, composition and purpose of the Independent Citizens Oversight Committee.

The District entered into an agreement for the annual Proposition AA audit with Wilkinson Hadley King & Co. LLP – Certified Public Accountants. The audit has been completed in accordance with state law. Wilkinson Hadley King & Co. LLP, now presents the audit report for your review and acceptance.

Findings and recommendations are noted on page 48 of the audit report. The report does not contain any negative findings or identify any material weaknesses in the District's internal controls. In addition, review of the Proposition AA procedures and Independent Citizens Oversight Committee compliance requirements revealed no areas of noncompliance.

The District is required to present the Prop 39 Independent Audit Report to the Independent Citizens Oversight Committee before March 31st of each year. The Proposition AA audit report will be presented to the Board of Trustees for their review and acceptance at its regularly scheduled meeting on April 4, 2019.

RECOMMENDATION:

It is recommended that the Committee review the 2018 annual Proposition AA Building Fund audit of the San Dieguito Union High School District, as prepared by Wilkinson Hadley King & Co. LLP, as shown in the attached supplement.

INTRODUCTION

Introduction And Citizens' Oversight Committee Member Listing

On November 6, 2012 the San Dieguito Union High School District was successful under Proposition AA in obtaining District voters to issue up to \$449,000,000 in General Obligation Bonds pursuant to a 55% vote in a bond election. The General Obligation Bonds are considered Proposition 39 bonds. The passage of Proposition 39 in November 2000 amended the California Constitution to include accountability measures. Specifically, the District must conduct an annual, independent performance audit to ensure that funds have been expended only on the specific projects listed as well as an annual, independent audit of the proceeds from the sale of the bonds until all of the proceeds have been expended.

Upon passage of Proposition 39, an accompanying piece of legislation, AB 1908 was also enacted, which amended the Education Code to establish additional procedures which must be followed if a District seeks approval of a bond measure pursuant to the 55% majority authorized in Proposition 39 including formation, composition and purpose of the Independent Citizens' Oversight Committee, and authorization for injunctive relief against improper expenditure of bond revenues.

The San Dieguito Union High School District Proposition AA Independent Citizens' Oversight Committee as of June 30, 2018 was comprised of the following members:

Independent Auditor's Report

Governing Board Members and Citizens' Oversight Committee San Dieguito Union High School District Encinitas, California

Report on the Financial Statements

We have audited the accompanying financial statements of Proposition AA Building Fund (21-39) of San Dieguito Union High School District, which comprise the balance sheet as of June 30, 2018, and the related statement of revenues, expenditures, and changes in fund balance for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

As discussed in Note B, the financial statements present only the Building Fund (21-39) which is specific to Proposition AA and is not intended to present fairly the financial position and results of operations of San Dieguito Union High School District in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Proposition AA Building Fund (21-39) of San Dieguito Union High School District as of June 30, 2018, and the results of its operations for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, schedule of the District's proportionate share of the net pension liability and schedule of District pension contributions identified as Required Supplementary Information in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the Required Supplementary Information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplementary information, as required by the 2017-18 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting, prescribed in Title 5, California Code of Regulations, Section 19810 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 15, 2019, on our consideration of San Dieguito Union High School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering San Dieguito Union High School District's internal control over financial reporting and compliance.

Report on Other Legal and Regulatory Requirements

In accordance with the requirements of Proposition 39, as incorporated in California Constitution Article 13A, we have also issued our performance audit report dated March 15, 2019 on our consideration of the District's compliance with the requirements of Proposition 39 with regards to the Proposition AA Building Fund (21-39). That report is an integral part of our audit of the District's Proposition AA Building Fund (21-39) for the fiscal year ended June 30, 2018 and should be considered in assessing the results of our financial audit.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2018 (Unaudited)

This section of San Dieguito Union High School District's (District) Proposition AA Building Fund annual financial and performance audit report presents management's discussion and analysis of the Proposition AA Bond Program during the year ending June 30, 2018. Readers should also review the financial statements and notes to the basic financial statements included in the audit report to enhance their understanding of the Proposition AA Bond Program's financial and program performance.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the District's Proposition AA Building Fund basic financial statements. The Fund's financial statements comprise three components: 1) management's discussion and analysis; 2) the Proposition AA Building Fund's financial statements; and 3) the performance audit required by law.

The District accounts for Proposition AA General Obligation Bond activity in the District's Building Fund. The Building Fund is a governmental fund type accounted for on a modified accrual basis of accounting that does not include fixed assets or long-term liabilities.

On November 6, 2012, the voters of the San Dieguito Union High School District community voted to approve Proposition AA to authorize the District to issue up to \$449 million of general obligation bonds to finance certain specified capital projects and facilities. In April 2013, the district issued the first series of those bonds in the amount of \$160 million to fund projects. The second series of those bonds were issued in April 2015, in the amount of \$117 million. The third series of those bonds were issued in July 2016, in the amount of \$62 million. The latest series of bonds, in the amount of \$25 million, were issued in May 2018. The District currently has \$352.9 million outstanding in general obligation bonds, as of June 30, 2018.

FINANCIAL HIGHLIGHTS

Key financial highlights for 2018 are as follows:

- The fund balance for Proposition AA Building Fund is \$81.2 million, as of June 30, 2018, which is \$19.4 million lower than June 2017 as projects continue.
- Revenues consisted of other state income, interest earned, and other local income. Revenue totaled \$5.4 million as of June 30, 2018, as compared to \$63.8 million as of June 30, 2017.
- Expenditures and other outgo as of June 30, 2018, totaled \$49.2 million, as compared to \$57.6 million in June 2017.

FINANCIAL ANALYSIS OF THE PROPOSITION AA BUILDING FUND

PROPOSITION AA BUILDING FUND PLANNING AND CONSTRUCTION YEAR IN REVIEW

The 2017-2018 fiscal year began with the following nine school construction projects underway throughout the San Dieguito Union High School District:

- Canyon Crest Academy Building B
- Earl Warren Middle School Campus Re-Construction, Phase I
- San Dieguito High School Academy Math & Science Building
- Oak Crest Middle School Interim Housing
- Oak Crest Middle School New Science Classrooms/Quad
- Torrey Pines High School Culinary Arts Classroom and Interim Housing (Arts)
- Carmel Valley Middle School Performing Arts Center and Drama Classroom Modernization and New Music Classroom Building
- San Dieguito High School Academy Culinary Arts Classroom
- La Costa Canyon Media Center Landscaping

In addition, planning was in progress at the start of 2017-2018 for construction of the upcoming school projects:

- La Costa Canyon High School 200s Building and Courtyard Renovation
- Pacific Trails Middle School Second Classroom Building
- San Dieguito High School Academy Arts and Humanities Building
- Torrey Pines High School Performing Arts Center Complex

By the end of fall of 2017-2018, six of the nine construction projects were complete or nearly complete:

- Canyon Crest Academy Building B
- Oak Crest Middle School Interim Housing
- Earl Warren Middle School Campus Reconstruction, Phase I
- La Costa Canyon High School Media Center Landscaping
- San Dieguito High School Academy Math & Science Building
- Torrey Pines High School Culinary Arts Classroom and Interim Housing (Arts)

Also in the fall, construction had begun on Torrey Pines High School – Performing Arts Center Complex, and Pacific Trails Middle School – Second Classroom Building.

Planning also began in the fall of 2017-18 on:

- Diegueno Middle School Buildings B & G Renovation, New Building P Construction
- Earl Warren Middle School Campus Reconstruction Phase 2
- Oak Crest Middle School Administration Building Reconstruction
- Canyon Crest Academy Building B Landscape & Pathway Enhancements

Over the winter of 2017-2018, the San Dieguito High School Academy – Culinary Arts Classroom project was completed, and construction on the San Dieguito High School Academy – Arts and Humanities Building had begun.

In the spring of 2017-2018, construction had started on Earl Warren Middle School – Campus Reconstruction Phase 2, joining the remaining five construction projects still underway:

- Oak Crest Middle School New Science Classrooms/Quad
- Carmel Valley Middle School Performing Arts Center and Drama Classroom Modernization and New Music Classroom Building
- Torrey Pines High School Performing Arts Center Complex
- Pacific Trails Middle School Second Classroom Building
- San Dieguito High School Academy Arts and Humanities Building

At the close of 2017-2018, three school projects originally under planning earlier in the year started construction:

- Diegueno Middle School Buildings B & G Renovation
- Canyon Crest Academy Building B Landscape & Pathway Enhancements
- La Costa Canyon High School 200s Building and Courtyard Renovation

Joining the remaining six construction projects still underway:

- Earl Warren Middle School Campus Reconstruction Phase 2
- Oak Crest Middle School New Science Classrooms/Quad
- Carmel Valley Middle School Performing Arts Center and Drama Classroom Modernization and New Music Classroom Building
- Torrey Pines High School Performing Arts Center Complex
- Pacific Trails Middle School Second Classroom Building
- San Dieguito High School Academy Arts and Humanities Building

In looking forward to the 2018-2019 year, planning was nearing completion on two school projects for construction start dates in 2018-2019:

- Oak Crest Middle School Administration Building Reconstruction
- Diegueno Middle School New Building P

Planning for construction starts in the 2019-2020 year was also underway for the Sunset High School – Campus Reconstruction, and Torrey Pines High School – I Building and Custodial Warehouse Renovation projects.

Overall, the seven school construction projects completed in 2017-2018 were delivered on time and under budget, with a projected savings of \$1.517 million to be used towards other voter-approved Prop AA projects.

FACTORS BEARING ON THE DISTRICT'S FUTURE

At the time these financial statements were prepared and audited, the District was aware of the existing circumstances that could affect its financial health in the future:

Possible increases in building costs during construction

Notes to the Financial Statements Year Ended June 30, 2018

A. Definition of the Fund

The Building Fund (21-39) was formed to account for property acquisition and construction of new schools as well as renovation of current schools for San Dieguito Union High School District (District), through expenditures of general obligation bonds issued under the General Obligation Bonds Election of 2012. Fund (21-39) is one of the Building Funds of the District.

B. Summary of Significant Policies

Basis of Presentation

The District accounts for its financial transactions in accordance with the policies and procedures of the Department of Education's School Accounting Manual. The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America, as prescribed by the Governmental Accounting Standards Board (GASB) and Audits of State and Local Governmental Units issued by the American Institute of Certified Public Accountants.

Fund Structure

The accompanying financial statements are used to account for the transactions of the Building Fund specific to Proposition AA Building Fund (21-39) as defined in Note A and are not intended to present fairly the financial position and results of operations of San Dieguito Union High School District in conformity with accounting principles generally accepted in the United States of America.

Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of measurement made, regardless of the measurement focus applied.

The Building Fund (21-39) is maintained on the modified accrual basis of accounting. Revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current fiscal period. Expenditures are recognized in the accounting period in which the liability is incurred (when goods are received or services rendered). With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures, and changes in fund balance reports on the sources (revenues and other financing sources) and uses (expenditures and other financing uses) of current financial resources.

Budgets and Budgetary Accounting

The Board of Trustees adopts an operating budget no later than July 1 in accordance with state law. This budget is revised by the Board of Trustees during the year to give consideration to unanticipated revenue and expenditures primarily resulting from events unknown at the time of budget adoption. The District employs budget control by minor object and by individual appropriation accounts. Expenditures cannot legally exceed appropriations by major object account.

Notes to the Financial Statements (Continued) Year Ended June 30, 2018

Encumbrances

The District utilizes an encumbrance accounting system under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation. Encumbrances are liquidated at June 30 since they do not constitute expenditures or liabilities.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

Cash in County Treasury

In accordance with Education Code §41001, the District maintains a substantial amount of its cash in the San Diego County Treasury. The County pools these funds with those of other districts in the County and invests the cash. These pooled funds are carried at cost, which approximates fair value, in accordance with the requirements of GASB Statement No. 31.

Interest earned is deposited quarterly into participating funds. Any investment losses are proportionately shared by all funds in the pool.

The county is authorized to deposit cash and invest excess funds by California Government Code §53648 et.seq. The funds maintained by the county are either secured by federal depository insurance or are collateralized.

Information regarding the amount of dollars invested in derivatives with San Diego County Treasury was not available.

Receivables and Payables

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as interfund receivables/payables. Accounts receivable are recorded net of estimated uncollectible amounts. There were no significant receivables that are not scheduled for collection within one year of year end.

Fund Balances - Governmental Funds

Fund balances of the governmental funds are classified as follows:

Nonspendable Fund Balance – represents amounts that cannot be spent because they are either not in spendable form (such as inventory or prepaid insurance) or legally required to remain intact (such as notes receivable or principal of a permanent fund).

Restricted Fund Balance – represents amounts that are constrained by external parties, constitutional provisions or enabling legislation.

Notes to the Financial Statements (Continued) Year Ended June 30, 2018

Committed Fund Balance – represents amounts that can only be used for a specific purpose because of a formal action by the District's governing board. Committed amounts cannot be used for any other purpose unless the governing board removes those constraints by taking the same type of formal action. Committed fund balance amounts may be used for other purposes with appropriate due process by the governing board. Commitments are typically done through adoption and amendment of the budget. Committed fund balance amounts differ from restricted balances in that the constraints on their use do not come from outside parties, constitutional provisions, or enabling legislation.

Assigned Fund Balance – represents amounts which the District intends to use for a specific purpose, but that do not meet the criteria to be classified as restricted or committed. Intent may be stipulated by the governing board or by an official or body to which the governing board delegates the authority. Specific amounts that are not restricted or committed in a special revenue, capital projects, debt service or permanent fund are assigned for purposes in accordance with the nature of their fund type or the fund's primary purpose. Assignments within the general fund conveys that the intended use of those amounts is for a specific purpose that is narrower than the general purposes of the District itself.

Unassigned Fund Balance – represents amounts which are unconstrained in that they may be spent for any purpose. Only the general fund reports a positive unassigned fund balance. Other governmental funds might report a negative balance in this classification because of overspending for specific purposes for which amounts had been restricted, committed or assigned.

When an expenditure is incurred for a purpose for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds.

Deferred Inflows and Deferred Outflows of Resources

Deferred outflows of resources is a consumption of net position that is applicable to a future reporting period. Deferred inflows of resources is an acquisition of net position that is applicable to a future reporting period. Deferred outflows of resources and deferred inflows of resources are recorded in accordance with GASB Statement numbers 63 and 65. At June 30, 2018 the Districts Proposition AA Building Fund (21-39) did not have any deferred inflows or deferred outflows of resources.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, information about the fiduciary net position of the CalPERS Schools Pool Cost-Sharing Multiple-Employer Plan (CalPERS Plan) and CalSTRS Schools Pool Cost-Sharing Multiple Employer Plan (CalSTRS Plan) and additions to/deductions from the CalPERS Plan and CalSTRS Plan fiduciary net positions have been determined on the same basis as they are reported by the CalPERS Financial Office and CalSTRS Financial Office. For this purpose, benefit payments (including refunds of employee contributions) are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value.

Notes to the Financial Statements (Continued) Year Ended June 30, 2018

GASB 68 requires that the reported results must pertain to liability and asset information within certain defined time frames. For this report, the following time frames are used:

Valuation Date (VD) June 30, 2016 Measurement Date (MD) June 30, 2017

Measurement Period (MP) July 1, 2016 to June 30, 2017

Fair Value Measurements

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles as defined by Governmental Accounting Standards Board (GASB) Statement No. 72. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. The hierarchy is detailed as follows:

Level 1 Inputs: Quoted prices (unadjusted) in active markets for identical assets or liabilities that a government can access at the measurement date.

Level 2 Inputs: Inputs other than quoted prices included within Level 1 that are observable for an asset or liability, either directly or indirectly.

Level 3 Inputs: Unobservable inputs for an asset or liability.

For the current fiscal year the District did not have any recurring or nonrecurring fair value measurements.

Changes in Accounting Policies

The District has adopted accounting policies compliant with new pronouncements issued by the Government Accounting Standards Board (GASB) that are effective for the fiscal year ended June 30, 2018. Those newly implemented pronouncements are as follows:

GASB Statement No. 75 – Accounting and Financial Reporting for Postemployment Benefits Other than Pensions

The primary objective of this statement is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions (OPEB). This statement replaces the requirements of GASB 45 and GASB 57. This statement establishes standards for recognizing and measuring OPEB liability, deferred outflows of resources, deferred inflows of resources, and OPEB expense. This statement also identifies the methods and assumptions that are required to be used to project benefit payments, discount projected benefit payments to their actuarial present value, and attribute that present value to periods of employee service for defined benefit OPEB.

The District provides a defined benefit OPEB plan that is not administered through a trust, but meets the criteria specified in GASB 75. As a result, the District has adjusted measurement of OPEB liability, OPEB expense, and related deferred outflows and inflows of resources in compliance with GASB 75. There were no District adjustments, OPEB transactions or expenses applicable to the Building Fund (21-39) for the fiscal year ended June 30, 2018.

Notes to the Financial Statements (Continued) Year Ended June 30, 2018

C. Cash and Investments

Cash in County Treasury

The District maintains significantly all of its cash in the San Diego County Treasury as part of the common investment pool. As of June 30, 2018, the portion of cash in the San Diego County Treasury attributed to Building Fund (21-39) was \$87,228,081. The fair value of Building Fund (21-39)'s portion of this pool as of that date, as provided by the pool sponsor, was \$87,228,081. Assumptions made in determining the fair value of the pooled investment portfolios are available from the County Treasurer.

The District is considered to be an involuntary participant in an external investment pool as the District is required to deposit all receipts and collections of monies with their County Treasurer (Education Code Section 41001). The fair value of the District's investments in the pool is reported in the accounting financial statements as amounts based upon the District's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of the portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

The San Diego County Treasury is not registered with the Securities and Exchange Commission (SEC) as an investment company; however, the County Treasury acts in accordance with investment policies monitored by a Treasury Oversight Committee consisting of members appointed by participants in the investment pool and up to five members of the public having expertise, or an academic background in, public finance. In addition, the County Treasury is audited annually by an independent auditor.

Analysis of Specific Deposit and Investment Risks

GASB Statement No. 40 requires a determination as to whether the District was exposed to the following specific investment risks at year end and if so, the reporting of certain related disclosures:

a. Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The county is restricted by Government Code Section 53635 pursuant to Section 53601 to invest only in time deposits, U.S. government securities, state registered warrants, notes or bonds, State Treasurer's investment pool, bankers' acceptances, commercial paper, negotiable certificates of deposit, and repurchase or reverse repurchase agreements. The ratings of securities by nationally recognized rating agencies are designed to give an indication of credit risk. At year end the District was not exposed to credit risk.

Notes to the Financial Statements (Continued) Year Ended June 30, 2018

b. Custodial Credit Risk

Deposits are exposed to custodial credit risk if they are not covered by depository insurance and the deposits are uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the District's name. Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the government, and are held by either the counterparty or the counterparty's trust department or agent but not in the District's name. At year end, the District's Building Fund (21-39) was not exposed to custodial credit risk.

c. Concentration of Credit Risk

This risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. At year end the District's Building Fund (21-39) was not exposed to concentration of credit risk.

d. Interest Rate Risk

This is the risk that changes in interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The District manages its exposure to interest rate risk by investing in the county pool.

e. Foreign Currency Risk

This is the risk that exchange rates will adversely affect the fair value of an investment. At year end, the District's Building Fund (21-39) was not exposed to foreign currency risk.

D. Accounts Receivable

As of June 30, 2018 accounts receivable consisted of:

	A	Accounts		
	Re	eceivable		
Local Sources:				
Interest	\$	363,205		
Other local sources		2,344		
		_		
Total Accounts Receivable	\$	365,549		

All receivables are expected to be collected within one year and as such, no allowance for doubtful accounts has been established.

Notes to the Financial Statements (Continued) Year Ended June 30, 2018

E. Accounts Payable

As of June 30, 2018 accounts payable consisted of:

	Accounts Payable			
Vendors payable	\$	6,362,951		
Payroll and related liabilities		289		
Pension related benefits		9,449		
Use tax payable		148		
Total Accounts Payable	\$	6,372,837		

F. Interfund Balances and Activities

Interfund transfers to and from other funds at June 30, 2018 are as follows:

Transfer to General Fund \$ 765,589

The amount transferred to the General Fund represents the portion of lease principal payment due on the solar facilities project in accordance with the authorized purpose under the facility lease agreement with the San Dieguito Public Facilities Financing Authority in conjunction with the Bond Project List as listed in the full text of the Proposition AA Ballot Measure.

G. General Obligation Bonds

2013 General Obligation Bonds

In April 2013, the District issued \$2,320,000 taxable, 2012 Election, Series A-1, General Obligation Bonds and \$157,680,000 tax-exempt, 2012 Election, Series A-2 General Obligation Bonds. The issue consisted of \$93,035,000 of current interest bonds with interest rates ranging from 1.00% to 5.00% with annual maturities from August 2014 through August 2033 and \$66,965,000 in a term bond with an interest rate of 4.00% with an annual maturity date of August 1, 2038. Interest on the bonds accrues from the date of delivery and is payable semiannually on February 1 and August 1 of each year, commencing February 1, 2014. The bonds were authorized at an election of the registered voters held on November 6, 2012 at which 55% or more of the persons voting on the proposition voted to authorize the issuance and sale of bonds in order to finance specific construction, acquisition and modernization projects approved by the voters including lease payments with respect to such facilities in addition to purchasing the San Dieguito Public Facilities Authority's interest in, and pay and prepay lease payments due on the Torrey Pines High School Projects.

Notes to the Financial Statements (Continued) Year Ended June 30, 2018

2015 General Obligation Bonds

In April 2015, the District issued \$7,010,000 taxable, 2012 Election, Series B-1, General Obligation Bonds and \$110,030,000 tax-exempt, 2012 Election, Series B-2 General Obligation Bonds. The issue consisted of \$61,050,000 of current interest bonds with interest rates ranging from 0.60% to 4.50% with annual maturities from August 2016 through August 2036 and \$55,990,000 in a term bond with an interest rate of 4.00% with an annuity maturity date of February 1, 2040. Interest on the bonds accrues from the date of delivery and is payable semiannually on February 1 and August 1 of each year, commencing February 1, 2016. The bonds were authorized at an election of the registered voters held on November 6, 2012 at which 55% or more of the persons voting on the proposition voted to authorize the issuance and sale of the bonds in order to finance specific construction, acquisition and modernization projects approved by the voters including lease payments with respect to such facilities in addition to purchasing the San Dieguito Public Facilities Authority's interest in and pay and prepay lease payments due on the Torrey Pines High School Projects.

2016 General Obligation Bonds

In July 2016, the District issued \$795,000 taxable, 2012 Election, Series C-1, General Obligation Bonds and \$61,205,000 tax-exempt, 2012 Election, Series C-2 General Obligation Bonds. The issue consisted of \$14,000,000 of current interest bonds with interest rates ranging from 0.80% to 4.75% with annual maturities from August 2017 through August 2036 and \$48,000,000 in a term bond with an interest rate of 4.00% with an annuity maturity date of February 1, 2041. Interest on the bonds accrues from the date of delivery and is payable semiannually on February 1 and August 1 of each year, commencing August 1, 2017. The bonds were authorized at an election of the registered voters held on November 6, 2012 at which 55% or more of the persons voting on the proposition voted to authorize the issuance and sale of the bonds in order to finance specific construction, acquisition and modernization projects approved by the voters including lease payments with respect to such facilities in addition to purchasing the San Dieguito Public Facilities Authority's interest in and pay and prepay lease payments due on the Torrey Pines High School Projects.

2018 General Obligation Bonds

In May 2018, the District issued \$3,100,000 taxable, 2012 Election, Series D-1, General Obligation Bonds and \$21,900,000 tax-exempt, 2012 Election, Series D-2 General Obligation Bonds. The issue consisted of \$25,000,000 of current interest bonds with interest rates ranging from 2.59% to 4.00% with annual maturities from August 2019 through August 2042. Interest on the bonds accrues from the date of delivery and is payable semiannually on February 1 and August 1 of each year, commencing February 1, 2019. The bonds were authorized at an election of the registered voters held on November 6, 2012 at which 55% or more of the persons voting on the proposition voted to authorize the issuance and sale of the bonds in order to finance specific construction, acquisition and modernization projects approved by the voters including lease payments with respect to such facilities in addition to purchasing the San Dieguito Public Facilities Authority's interest in and pay and prepay lease payments due on the Torrey Pines High School Projects.

H. Bond Premium

Bond premium arises when the market rate of interest is lower than the stated interest rate on the bond. Generally Accepted Accounting Principles (GAAP) require that the premium increase the face value of the bond and then amortize the premium over the life of the bond.

The District has issued bonds at a premium. The premiums are being amortized over the life of the debt using the straight-line method.

Premiums issued on the debt resulted in an effective interest rate as follows:

	2013	2015	2016	2018
	Series A	Series B	Series C	Series D
	Bonds	Bonds	Bonds	Bonds

J. Pension Plans

The following information presented below is the District's government-wide pension plan amounts for CalPERS and CalSTRS. As of June 30, 2018, the Building Fund (21-39) or bond fund was 0.17% of the District's total State Teachers' Retirement System expenditures and 3.21% of the District's total Public Employee's Retirement System expenditures.

1. General Information About the Pension Plans

a. Plan Descriptions

Qualified employees are covered under multiple-employer defined benefit pension plans maintained by agencies of the State of California. Certificated employees are members of the California State Teachers Retirement System (CalSTRS) and classified employees are members of the California Public Employees' Retirement System (CalPERS). Benefit provisions under the Plans are established by State statute and Local Government resolution. Support by the State for the CalSTRS plan is such that the plan has a special funding situation as defined by GASB Statement No. 68. CalSTRS and CalPERS issue publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information that can be found on their respective websites.

b. Benefits Provided

CalSTRS and CalPERS provide service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members. Benefits are based on years of credited service, equal to one year of full-time employment. Members with five years of total service are eligible to retire at age 62 for normal benefits or at age 55 with statutorily reduced benefits. Employees hired prior to January 1, 2013 are eligible to retire at age 60 for normal benefits or at age 55 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 10 years of service. All members are eligible for death benefits after one year of total service.

The Plan's provisions and benefits are in effect at June 30, 2018 are summarized as follows:

	CalSTRS	
	Before	On or After

c. Contributions

CalSTRS

For the measurement period ended June 30, 2017 (measurement date), Section 22950 of the California Education Code requires members to contribute monthly to the system 9.205% (if hired on or after January 1, 2013) or 10.250% (if hired before January 1, 2013) of the creditable compensation upon which members' contributions under this part are based. In addition the employer required rates established by the CalSTRS Board have been established at 12.58% of creditable compensation for the measurement period ended June 30, 2017 and 14.43% for the fiscal year ended June 30, 2018. Rates are defined in Section 22950.5 through measurement period ending June 30, 2021. Beginning in the fiscal year 2021-22 and for each fiscal year thereafter, the CalSTRS Board has the authority to increase or decrease percentages paid specific to reflect the contribution required to eliminate by June 30, 2046, the remaining unfunded actuarial obligation with respect to service credited to members before July 1, 2014, as determined by the Board based upon a recommendation from its actuary.

CalPERS

Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. The CalPERS Board retains the authority to amend contribution rates. The total plan contributions are determined through CalPERS' annual actuarial valuation process. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The employer is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. For the measurement period ended June 30, 2017 (measurement date), employees hired prior to January 1, 2013 paid in 7.00%, employees hired on or after January 1, 2013 paid in 6.00%, and the employer's contribution rate was 13.88% of covered payroll. For the fiscal year ending June 30, 2018, employees hired prior to January 1, 2013 contributed 7.00%, employees hired on or after January 1, 2013 contributed 6.50% and the employer's contribution rate was 15.531%.

On Behalf Payments

Consistent with Section 22955.1 of the California Education Code, the State of California makes contributions to CalSTRS on behalf of employees working for the District. For the measurement period ended June 30, 2017 (measurement date) the State contributed 7.429% of salaries creditable to CalSTRS. In accordance with GASB 85 the District recorded these contributions as revenue and expense in the fund financial statements based on contributions made for the measurement period (current financial resources measurement focus). Contributions reported each fiscal year are based on the District's proportionate share of the State's contribution for the measurement period.

Contributions made by the State on behalf of the District's Building Fund (21-39) for the past three fiscal years is as follows:

Year Ended	Contribution	Con	tribution
June 30,	Rate	A	mount
2016	4.350%	\$	4,012
2017	5.390%		5,462
2018	7.429%		11,857

The State's pension expense associated with the District's Building Fund (21-39) employees for the for the past three fiscal years is as follows:

	On-Behalf		
Year Ended	Pension		
June 30,	E	kpense

2. Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions

As of June 30, 2018, the District reported net pension liabilities for its proportionate shares of the net pension liability of each plan as follows:

		District		Bond				
	Proportionate		Proportionate		Proportionate		Pro	oportionate
	Share of Net Share		Share of Net					
	Pe	Pension Liability		sion Liability				
CalSTRS	\$	119,674,988	\$	442,453				
CalPERS		37,278,559		1,198,884				
Total Net Pension Liability	\$	156,953,547	\$	1,641,337				

The District's net pension liability for each Plan is measured as the proportionate share of the net pension liability. The net pension liability of each of the Plans is measured as of June 30, 2017, and the total pension liability for each Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2016 rolled forward to June 30, 2017 using standard update procedures. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plans relative to the projected contributions of all participating employers, actuarially determined.

The District's proportionate share of the net pension liability for each Plan as of June 30, 2017 and June 30, 2018 were as follows:

	District Share for CalSTRS			Bond Share for CalSTRS		
	District's	State's	Total For	Bond	State's	Total For

Pension contributions made subsequent to measurement date reported as deferred outflows of resources will be recognized as a portion of pension expense in the year ended June 30, 2019. The remaining amounts reported as deferred outflows or deferred inflows of resources will be recognized as an increase or decrease to pension expense over a five year period. Pension expense resulting from deferred outflows and deferred inflows of resources will be recognized as follows:

c. Actuarial Assumptions

The total pension liabilities in the June 30, 2018 actuarial valuations were determined using the following actuarial assumptions:

_	CalSTRS	_	CalPERS					
Valuation Date	June 30, 2016	_	June 30, 2016

- (2) Net of pension plan investment expenses, including inflation
- (3) RP2000 series tables adjusted to fit CalSTRS/CalPERS specific experience

d. Discount Rate

The discount rate used to measure the total pension liability was 7.10% for CalSTRS and 7.15% for CalPERS The projection of cash flows used to determine the discount rate assumed the contributions from plan members, employers, and state contributing agencies will be made at statutory contribution rates. To determine whether the District bond rate should be used in the calculation of a discount rate for each plan, CalSTRS and CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing, none of the tested plans run out of assets. Therefore, the current discount rates are adequate and the use of the District bond rate calculation is not necessary for either plan. The stress test results are presented in a detailed report that can be obtained from the CalPERS and CalSTRS websites.

Notes to the Financial Statements (Continued) Year Ended June 30, 2018

The CalPERS discount rate was increased from 7.50% to 7.65% at measurement date June 30, 2015 (Fiscal year June 30, 2016) to correct for an adjustment to exclude administrative expenses. Subsequently CalPERS discount rate was decreased from 7.65% to 7.15% at measurement date June 30, 2017 (Fiscal year June 30, 2018) to adjust for changes resulting from actuarially determined amounts.

The CalSTRS discount rate was adjusted from 7.60% to 7.10% for measurement date June 30, 2017 (Fiscal year June 30, 2018) to adjust for changes resulting from a new actuarial experience study.

According to Paragraph 30 of GASB Statement No. 68, the long-term discount rate should be determined without reduction for pension plan administrative expense. The investment return assumption used in the accounting valuations is net of administrative expenses. Administrative expenses are assumed to be 15 basis points. Using this lower discount rate has resulted in a slightly higher Total Pension Liability and Net Pension Liability. CalSTRS and CalPERS checked the materiality threshold for the difference in calculation and did not find it to be a material difference.

CalSTRS and CalPERS are scheduled to review all actuarial assumptions as part of their regular Asset Liability Management (ALM) review cycle that is scheduled to be completed in February 2018. Any changes to the discount rate will require board action and proper stakeholder outreach. For these reasons, CalSTRS and CalPERS expect to continue using a discount rate net of administrative expenses for GASB 67 and GASB 68 calculations through at least the 2017-18 fiscal year. CalSTRS and CalPERS will continue to check the materiality of the difference in calculation until such time as they have changed their methodology.

The long-term expected rate of return on pension plan investments was determined using a buildingblock method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalSTRS and CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound returns were calculated over the short-term (first 10 years) and long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest quarter of one percent.

The tables below reflects the long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These rates of return are net of administrative expenses.

Implementation of New Accounting Guidance

The District has adopted accounting policies compliant with new pronouncements issued by the Government Accounting Standards Board (GASB) that are effective for the fiscal year ended June 30, 2019. Those newly implemented pronouncements are as follows:

<u>GASB Statement No. 88 – Certain Disclosures Related To Debt, Including Direct Borrowing and Direct Placements.</u>

The primary objective of this statement is to improve the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements. It also clarifies which liabilities governments should include when disclosing information related to debt.

This statement defines debt for purposes of disclosure in notes to financial statements as a liability that arises from a contractual obligation to pay cash (or other assets that may be used in lieu of cash) in one or more payments to settle an amount that is fixed at the date the contractual obligation is established. This statement requires that additional essential information related to debt be disclosed in notes to the financial statements, including unused lines of credit; assets pledged as collateral for the debt, and terms specified in debt agreements related to significant events of default with finance-related consequences, significant termination events with finance-related consequences, and significant subjective acceleration clauses.

For notes to financial statements related to debt, this statement also requires that existing and additional information be provided for direct borrowings and direct placements of debt separately from other debt.

REQUIRED SUPPLEMENTARY INFORMATION

Required supplementary information includes financial information and disclosures required by the Governmental Accounting Standards Board but not considered a part of the basic financial statements.

CalSTRS changed the mortality assumptions based on the July 1, 2010 through June 30, 2015 experience study adopted by the CalSTRS board in February 2017. CalSTRS uses a generational mortality assumption, which involves the use of a base mortality table and projection scales to reflect expected annual reductions in mortality rates at each age, resulting in increases in life expectancies each year into the future. The base mortality tables are CalSTRS custom tables derived to best fit the patterns of mortality among CalSTRS members. The projection scale was set equal to 110 percent of the ultimate improvement factor from the Mortality Improvement Scale (MP-2016) table issued by the Society of Actuaries. Additional information can be obtained by reviewing the CalSTRS Actuarial Experience Study on CalSTRS website.

OTHER INDEPENDENT AUDITOR'S REPORTS

P. Robert Wilkinson, CPA Brian K. Hadley, CPA Aubrey W. Mann, CPA Kevin A. Sproul, CPA

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Governing Board Members and Citizens' Oversight Committee San Dieguito Union High School District Encinitas, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Proposition AA Building Fund (21-39) of San Dieguito Union High School District, which comprise the balance sheet as of June 30, 2018, and the related statement of revenues, expenditures, and changes in fund balance for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated March 15, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered San Dieguito Union High School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of San Dieguito Union High School District's internal control. Accordingly, we do not express an opinion on the effectiveness of San Dieguito Union High School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether San Dieguito Union High School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Performance

Governing Board Members and Citizens' Oversight Committee San Dieguito Union High School District Encinitas, California

We were engaged to conduct a performance audit of the San Dieguito Union High School District Proposition AA Building Fund (21-39) for the year ended June 30, 2018.

Management's Responsibility for Performance Compliance

Our audit was limited to the objectives listed with the report which includes the District's compliance with the performance requirements as referred to in Proposition 39 and outlined in Article XIIIA, Section 1(b)(3)(C) of the California Constitution. Management is responsible for the District's compliance with those requirements.

Auditor's Responsibility

We conducted this performance audit in accordance with the standards applicable to performance audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our conclusions based on our audit objectives.

In planning and performing our performance audit, we obtained an understanding of the Fund's internal control in order to determine if the internal controls were adequate to help ensure the Fund's compliance with the requirements of Proposition 39 and outlined in Article XIIIA, Section 1(b)(3)(C) of the California Constitution, but not for the purpose of expressing an opinion on the effectiveness of the Proposition AA Building Fund (21-39) San Dieguito Union High School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

In connection with our performance audit, we performed an audit for compliance as required in the performance requirements for the Proposition AA General Obligation Bond for the fiscal year ended June 30, 2017. The objective of the audit of compliance applicable to San Dieguito Union High School District is to determine with reasonable assurance that:

- The proceeds from the sale of the Proposition AA Bonds were only used for the purposes set forth in the ballot measure and not for any other purpose, such as teacher and administrative salaries.
- The Governing Board of the District, in establishing the approved projects set forth in the ballot measure to modernize, replace, renovate, construct, acquire, equip, furnish, and otherwise improve facilities of the District as noted in the bond project list.

In performing our audit of compliance, we performed procedures including but not limited to those listed as follows:

Internal Control Evaluation

Procedure Performed

Inquiries were made of management regarding internal controls to:

- ➤ Prevent fraud, waste, or abuse regarding Proposition AA resources
- > Prevent material misstatement in the Proposition AA Building Fund (21-39) financial statements
- Ensure all expenditures are properly allocated
- Ensure adequate separation of duties exists in the accounting of Proposition AA funds. All purchase requisitions are reviewed for proper supporting documentation. The Project Manager or the Executive Director of Planning Services gives directions and submits documentation to the Construction and Facilities Coordinator to initiate a purchase requisition. The budget is verified by the Facilities Planning Analyst (Budget) and supporting documents are reviewed by a second Facilities Planning Analyst (Contracts). This requisition is first forwarded to the Executive Director of Planning Services for an initial review and then forwarded to the finance office where the Budget Analyst verifies the budget string and the requisition is subsequently reviewed and approved by the Chief Financial Officer, Chief Facilities Officer, and the Director of Purchasing to ensure the requested purchase is an allowable project cost in accordance with the Proposition AA ballot measure initiative approved by local voters as well as the board approved budget, and by the Accounting Specialist that all expenditures are properly recorded by the project and expense category. Once the purchase requisition has gone through the approval process, the Facilities Planning Analyst (Contracts) creates a purchase order, which is provided to the vendor, who proceeds to provide the requested services or goods. Other copies of the purchase order are also submitted to the finance office, purchasing office, and the Facilities Planning Analyst (Budget) for monitoring and review.

When the invoice is received the Executive Director of Planning Services and Facilities Planning Analyst (Budget) verify that the charges are consistent with the amounts on the approved contract/purchase order, then the invoice is subsequently signed and approved by the Project Manager and Chief Facilities Officer and either e-mailed or scanned to the finance office for subsequent approval. Invoices are approved by the Accounting Technician and monitored by the Chief Financial Officer in the finance office and subsequently processed through the accounts payable system of the District for payment. The invoices and support documents are submitted to the San Diego County Office of Education's Commercial Warrant Unit for audit to ensure compliance with procurement regulations and business practices before payment is released. The commercial warrants are routed back to the District finance office where they are signed by the Chief Financial Officer and then forwarded to the Facilities Planning and Construction Office for appropriate distribution.

Results of Procedures Performed

The results of our audit determined the internal control procedures as implemented are sufficient to meet the financial and compliance objectives required by generally accepted accounting principles and applicable laws and regulations.

Tests of Expenditures

Procedures Performed

We tested expenditures to determine whether Proposition AA funds were spent solely on voter and Board approved school facilities projects as set forth in the Bond Project Lists and language of the Proposition AA ballot measure language. Our testing included \$46,655,940 of expenditures which was 94.7% of total bond expenditures for the year.

Results of Procedures Performed

We found no instances where expenditures tested were not in compliance with the terms of the Proposition AA ballot measure and applicable state laws and regulations.

Tests of Contracts and Bid Procedures

Procedures Performed

We reviewed the District's board minutes for approval of construction contracts and change orders, if any, to determine compliance with the District's policy and Public Contract Code provisions related to biddings and contracting.

Results of Procedures Performed

We noted no instances where the District was out of compliance with respect to contracts and bidding procedures.

Facilities Site Review

Procedures Performed

We reviewed the Independent Citizens' Oversight Committee minutes and agenda and other pertinent information on Proposition AA designated projects and determined the Proposition AA funds expended for the year ended June 30, 2018 were for valid facilities acquisition and construction purposes as stated in the Bond Project List. Auditors performed review of significant bond projects.

Results of Procedures Performed:

Based on our review of the minutes and agenda of the Independent Citizens' Oversight Committee, the documentation and pertinent information of the Proposition AA designated projects, and review of project sites, it appears the construction work performed was consistent with the Bond Project List.

Citizens' Oversight Committee

Procedures Performed

We have reviewed the minutes of the Citizens' Oversight Committee meetings to verify compliance with Education Code sections 15278 through 15282.

Results of Procedures Performed

We have determined the San Dieguito Union High School District's Proposition AA Building Fund (21-39) Citizens' Oversight Committee and its involvement is in compliance with Education Code sections 15278 through 15282.

Our audit of compliance made for the purposes set forth in the second and third paragraphs of this report above would not necessarily disclose all instances of noncompliance.

Opinion on Performance

In our opinion, the District complied, in all material respects, with the compliance requirements of Proposition 39 outlined in Article XIIIA, Section 1(b)(3)(c) of the California Construction, and with Proposition AA approved by the voters in the San Dieguito Union High School District on November 9, 2013.

Purpose of the Report

This report is intended solely for the information and use of the District's Governing Board, the Proposition AA Citizens' Oversight Committee, management, others within the entity, and the taxpayers of San Dieguito Union High School District and is not intended to be and should not be used by anyone other than these specified parties.
