Surveys Requesting Information about Beliefs and Practices

A student's parent/guardian, or a student who is an adult or emancipated minor, shall provide prior written consent before the student is required to participate in a survey inquiring about one or more of the following:

1. Political affiliations or beliefs of the student or his/her parent/guardian
2. Mental or psychological problems of the student or his/her family
3. Sexual behavior or attitudes or personal beliefs and practices in family life or morality
4. Illegal, anti-social, self-incriminating, or demeaning behavior
5. Critical appraisals of other individuals with whom the student has close family relationships
6. Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, or ministers
7. Religious practices, affiliations, or beliefs of the student or his/her parent/guardian
8. Income, except to the extent that income is required to be disclosed by law for participation in a program or for receiving financial assistance under such a program

If a student participates in such a survey requesting information about personal beliefs and practices, school officials and staff members shall not request or disclose the student's identity.

If the district administers a voluntary survey that already includes questions pertaining to sexual orientation and/or gender identity, the Superintendent or designee shall not remove such questions.

Parent/Guardian Access to Surveys and Instructional Materials

The parent/guardian of any district student, upon his/her request, shall have the right to inspect:

1. A survey or other instrument to be administered or distributed to his/her child that either collects personal information for marketing or sale or requests information about beliefs and practices
2. Any instructional material to be used as part of his/her child's educational curriculum

Within a reasonable period of time after receiving a parent/guardian's request, the principal or designee shall permit the parent/guardian to view the survey or other document he/she requested. A parent/guardian may view the document any time during normal business hours.

Health Examinations

Authorized school officials may administer to any student any physical examination or screening permitted under California law. However, no student shall be subjected to a nonemergency, invasive physical examination without prior written notice to his/her parent/guardian, unless an applicable state law authorizes the student to provide consent without parent/guardian notification.

Invasive physical examination means any medical examination that involves the exposure of private body parts or any act during such examination that includes incision, insertion, or injection into the body, but does not include a properly authorized hearing, vision, or scoliosis screening.

Notifications

At the beginning of the school year, the Superintendent or designee shall notify parents/guardians of:

1. The district's policy regarding student privacy
2. The process to opt their children out of participation in any activity described in this administrative regulation and the accompanying Board policy
3. The specific or approximate dates during the school year when the following activities are scheduled:
 - a. Survey requesting personal information
 - b. Physical examinations or screenings

Prior to administering any anonymous and voluntary survey regarding health risks and behaviors to students in grades 7-12, the district shall provide parents/guardians with written notice that the survey is to be administered.

Parents/guardians shall also be notified of any substantive change to this policy and administrative regulation within a reasonable period of time after adoption of the change.
