School counselors shall assist in the development of the comprehensive school safety plan, emergency and disaster preparedness plan, and other prevention and intervention practices designed to assist students and parents/guardians before, during, and after a crisis.

In addition, the Superintendent or designee may identify crisis counseling resources to train district staff in effective threat assessment, appropriate response techniques, and/or methods to directly help students cope with a crisis if it occurs.

Early identification and intervention plans shall be developed to help identify those students who may be at risk for violence so that support may be provided before they engage in violent or disruptive behavior.
