## Dear SDUHSD Community:

It's hard to believe we're nearing the end of September and that fall is here! With so much going on in our district the days fly by quickly! Some of the exciting things underway right now include:

**Superintendent Search:** The Board has been without a permanent superintendent since April 2021. Although the Board has the authority to simply appoint a new superintendent of its choosing, the Board is working with JG Consulting to help make sure the SDUHSD community has an opportunity for input and that the Board's decision is guided by professionals who have successfully placed high quality talent in school districts. As part of the input phase, this past week JGC held numerous virtual and in-person forums for staff and the community, and created online surveys in [English](#) & [Spanish](#). A forum for Spanish speaking families will also be provided this week. Information has been posted on the District's [Superintendent search page](#) and shared through district notifications. Information for candidates has been posted on [EdJoin](#) and the [JG Consulting webpage](#). The Board's goal is to have a new superintendent selected as early as October!

**College Support:** This fall SDUHSD is offering several college-related webinars. The first 3-part series was held 9/13 - 9/15 and recordings can be found on the SDUHSD College and Career [webpage](#). (Additional [webinar workshops](#) have been scheduled for upcoming weeks as well.) The SDUHSD College and Career team is also bringing webinars to help our professional teams support our **foster youth** and **homeless youth**, and launched a new **SDUHSD Military Service Academies** [webpage](#)! (Deadline for military service academy applications is 5 pm on 10/29/21). Please visit our SDUHSD **College and Career webpage**, and review the [flyer](#) on upcoming webinars in this newsletter to learn more!

**Onsite COVID-19 testing!** We are pleased to share that as of 9/20/21, SDUHSD offers COVID-19 (PCR) testing for SDUHSD students and staff **7 days a week** through [Phamatec Laboratories & Diagnostics](#). (Staff who are not fully vaccinated will have to undergo weekly surveillance testing as directed by HR. SDUHSD is approximately 1 month ahead of the state's deadline to conduct surveillance testing for unvaccinated employees!) Results of Phamatec testing are reported directly to families and the school via email, making it easier on our families and employee teams!

**Read on for more SDUHSD news and information!** Happy fall everyone and thank you to everyone throughout the district for your hard work to support our students, and to our students for working hard!

Lucile Lynch  
Interim Superintendent

## SDUHSD Newcomers • Welcome!

On Thursday September 15th, the Oak Crest Middle School English Language Development (ELD) team hosted a parent night for over 30 newcomers and families of ELD students. Newcomers and their families were invited early for dinner and participated in a specially designed introduction along with hands-on support in setting up their Aeries accounts. An informational session was then held for all families that included ongoing technology support throughout the evening.

ELD Lead and English teacher Sonya Ramirez along with the amazing counseling team of Michelle McNeff and Krystal Perrin shared this [ELD Parent Night Presentation](#), our [Academic Resource Brochure \(Spanish\)](#), and [OCMS Community Resources](#) (spanish).

None of the above would have been possible without the translation and technology assistance of our entire ELD team and the support of our OCMS Parent Foundation. Special thanks to Bi-lingual Instructional Assistant Astrid Gonzales and Myrka Garcia and OCMS teachers Katie Bator (ELD English, Read 180, World History), Lynn Chapman (Art), Mandy Oliphant (ELD Science, STEM), Angelica Arellano (Math), Arley Gonzalez (PE), Jeff Tyler (Math, Academic Lab) and George Mellos (Math). **Thank you AP Chuck Adams for sharing this update!**

# Human Traffickers Don't Discriminate

Throughout the COVID pandemic, the National Center for Missing and Exploited Children (NCMEC) has reported an almost 100% increase in online enticement reports. As a public-school educator, it is important to not only know the warning signs and risk factors that make our students vulnerable to human trafficking and commercial sexual exploitation, but also know how to report it. It takes all of us to keep our students safe.

## WHAT IS HUMAN TRAFFICKING?

Human trafficking is defined as the use of force, fraud, or coercion to compel a person into performing commercial sex acts, labor or other services against their will. Inducing a minor into commercial sex is considered human trafficking regardless of the presence of force, fraud or coercion.

### WHO IS VULNERABLE?

Human trafficking can happen to *ANYONE*, but certain risk factors can make individuals more vulnerable than others. These risk factors may include:

- Mental health concerns
- Runaway or homelessness
- Child welfare involvement
- Substance abuse
- Prior trauma (e.g., sexual abuse, family violence or neglect)
- Recent migration or relocation

### WHO ARE THE TRAFFICKERS?

Perpetrators of human trafficking span *ALL* racial, ethnic, and gender demographics; they are as diverse as victims. Traffickers can include:

- Intimate partners
- Classmates
- Friends
- Gang members
- Parents or family members of victims
- Business owners

## POTENTIAL RED FLAGS AND WARNING SIGNS A PERSON IS BEING TRAFFICKED:
